About This Content

Library and Extension Module for Fantasy Grounds II

Feeling adventurous? Got a little action in you? These are exactly the cards you're looking for!

**Note that this add-on only contains the Adventure Deck and not the Action and Adventure Decks that were available with the PDF purchase. The price has been reduced appropriately as a result.*

The Adventure Deck puts some story control in the hands of the players and lots of spice into the action. Add story twists like romantic interests, enemies, and larger-than-life opponents at the drop of a hat. See characters pull off amazing feats. Bring more excitement to your gaming table than ever before!

This product contains a new Tool for dealing Adventure cards to characters by simply dragging the card to the character sheet or the player icon, a new Adv. Card tab on each character sheet and support for seeing the card text and full images, playing the cards, re-shuffling/collecting all the cards back from the players and finally... new preferences to optionally include promo cards from several popular extensions such as Deadlands, Rippers, Super Powers, etc. A library module with a new edge and with a link to each card is also included, along with a PDF documenting all the cool new features.
