News from the National Water Commission The ESS-NWPAD, ACWD, AWER-PEST and other bodies are working to prepare the country for the year 2020. The date for the release of the report on the country's water resources and environmental protection was set to April 13, 2015, but because of political instability in the country and the need for the development of the political framework, the date has been postponed. The report on the country's water resources and environmental protection for the period from 2006 to 2010, which was prepared by a committee headed by the AWER-PEST, was released on December 10, 2010. The report said there is sufficient water for the year 2010 and also outlined the measures the country has taken in the past few years to improve the quality of the environment. The National Water Commission (NWC) is also working on the preparation of a report on the country's water resources and environmental protection for the period from 2011 to 2015. The report is due to be released on April 13, 2015. Q: string.indexOf(",") not working when other symbol exists Hello I'm trying to parse a URL from a document. This is the url And my code is var url = document.URL.substr(document.URL.lastIndexOf("/") + 1); var url = url.substr(url.indexOf("/") + 1); var search_url = url.split("/"); I think when I reach the . symbol, it cannot recognize that it's a dot. I've tried trimming the symbol, but it does not work. A: You should use var search_url = url.split("/"); This splits the string into array of elements and you need a separator?. You should avoid using substr as it throws exception when string does not have the required substring. Example: When electronic devices are configured to be mounted to racks or cabinets, it is often desirable to be able to "hot-plug" or quickly insert a device into the cabinet or rack and activate it without having to pull out a power cord or other connection device. Hot-plugging also often involves securely attaching the electronic device to 82157476af
